

Welcome from Crumlin United Youth Academy

It is with great pleasure we introduce to you the Crumlin United Youth Academy Parents Pack. The pack includes all the information that you need for the upcoming 2023/24 season.

This year we want to improve our communication with all of you parents and hopefully this Parents Pack is getting things off to the right start. We value your opinion and are always interested in your feedback. Don't be afraid to speak to any of your child's coaches about any issues or concerns. If you feel you cannot/ do not want to speak to your child's coach about an issue, we have included contact details of Crumlin United FC Youth Academy Committee within this pack.

One final thing we would ask you to remember for the upcoming season is that all the coaches at Crumlin United FC Academy are volunteers, giving up their free time to coach your child. Between meetings, coaching, matches, planning, along with the many other jobs, our coaches give up between 4-8 hours a week. We don't always get things right, our Academy is not perfect, but our guarantee is that we will strive to make your child a better footballer and a better person. So before you complain about a coach or the Academy please remember:

THIS IS YOUTH FOOTBALL, NOT THE PREMIER LEAGUE. WE ARE VOLUNTEERS.

Crumlin United FC Youth Academy Vision

- To provide a positive experience for every player and parent in our Academy
- To develop good people and good players
- To produce technical and tactical players with good decision making
- To develop excellent coaches
